Wellington, FL 33414-8658

Dear Charles:

Congratulations on your admission to the University of Florida's Innovation Academy! It is a pleasure to welcome you to this exciting academic program at the Gainesville campus! The Innovation Academy at UF is a groundbreaking undergraduate academic program that pulls unique students from 29 majors into a spring-summer cohort filled with energy, collisions that become ideas, and one common minor: Innovation. The Innovation Academy (IA), with its unique calendar and thematic curriculum, will begin Spring semester 2020. Your application indicated an intended major that is offered through the Innovation Academy and an interest in an undergraduate experience that goes beyond the norm. We believe Innovation Academy is exactly what you are looking for!

As you prepare for your next steps, please be advised that your admission offer is tentative until your final high school and/or college transcripts are received and your eligibility verified. We require that you continue to succeed at the level that allowed us to offer you admission and that you graduate from high school on time. Please arrange to have your final high school and/or college transcripts sent to us as soon as they become available and no later than July 15.

We do hope you choose to join other outstanding students at the University of Florida. The campus offices responsible for housing and freshman orientation will contact you in the coming weeks with additional information. You may also find additional information on our website designed just for admitted students by logging into <https://welcome.admissions.ufl.edu/>. To confirm your enrollment, please return to your Application Status page and pay your \$200 deposit to secure your place in the 2019 Freshman Class. You will need to respond to our offer of admission no later than May 1, 2019.

Again, congratulations on your admission to the University of Florida. Please do not hesitate to contact the Office of Admissions if you need more information or have any questions. I look forward to your arrival on campus, and on behalf of the faculty, students and staff, I welcome you to the UF Class of 2023!

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles E. Murphy".

Charles E. Murphy
